An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc. Restrictions: Eligibility for the Honors Program.

HONR 2601B Sophomore STEM Honors Sem 1-2 s.h.

An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc. Restrictions: Eligibility for the Honors Program.

HONR 2601C CE Honors Seminar 1-2 s.h.

An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc. Restrictions: Eligibility for the Honors Program.

HONR 2601D Honor Seminar Let's Talk - Communication 1-2 s.h.

An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc. Restrictions: Eligibility for the Honors Program.

HONR 2601E Honor Seminar Magazine Editing and Production 1-2 s.h.

An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc. Restrictions: Eligibility for the Honors Program.

HONR 2601P Honor Seminar Campus Community Partnerships 1-2 s.h.

An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc. Restrictions: Eligibility for the Honors Program.

HONR 2602 Honor Seminar 1-2 s.h.

An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc. Restrictions: Eligibility for the Honors Program.

HONR 2602A Honor Sem Humanities Fine Arts 1-2 s.h.

An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc. Restrictions: Eligibility for the Honors Program.

HONR 2602B Honor Sem Natural Science Math 1-2 s.h.

An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc.

Prereq.: Eligibility for the Honors Program.

HONR 2602C CE Honors Seminar Magazine 1-2 s.h.

An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc.

Prereq.: Eligibility for the Honors Program.

HONR 2602D Honor Seminar Business 1-2 s.h.

An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc.

Prereq.: Eligibility for the Honors Program.

HONR 2602E Honor Sem Multi Disciplinary 1-2 s.h.

An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc.

Prereq.: Eligibility for the Honors Program.

HONR 2602F Honor Sem Current Issues 1-2 s.h.

An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc.

Prereq.: Eligibility for the Honors Program.

HONR 2602G Honor Sem Backyard Archaeology 1-2 s.h.

An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc.

Prereq.: Eligibility for the Honors Program.

HONR 2602H Sem What They Didnt Tch in Col 1-2 s.h.

An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc.

Prereq.: Eligibility for the Honors Program.

HONR 2602I Honor Seminar Personal Finance 1-2 s.h.

An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc.

Prereq.: Eligibility for the Honors Program.

HONR 2602J Honor Seminar Geology of Streams and Caves 1-2 s.h.

An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc.

Prereq.: Eligibility for the Honors Program.

HONR 2602K Honor Seminar City of You 1-2 s.h.

An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc.

Prereq.: Eligibility for the Honors Program.

HONR 2602M Honor Seminar: What to Listen for in Music: Bach to Rock! 1-2 s.h.

An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc.

Prereq.: Eligibility for the Honors Program.

HONR 2602N Honor Seminar Serving the Underserved 1-2 s.h.

An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc.

Prereq.: Eligibility for the Honors Program.

HONR 2602O Honor Seminar Geology of Caves 1-2 s.h.

An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc.

Prereq.: Eligibility for the Honors Program.

HONR 2602P Honor Seminar Exploring Youngstown 1-2 s.h.

An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc.

Prereq.: Eligibility for the Honors Program.

HONR 2602R Honor Seminar Planning to Serve 1-2 s.h.

An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc.

Prereq.: Eligibility for the Honors Program.

HONR 2602S Honors Seminar Geology of Streams 1-2 s.h.

An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc.

Prereq.: Eligibility for the Honors Program.

HONR 2602T Honor Seminar Peer Learning and Training 1-2 s.h.

An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc.

Prereq.: Eligibility for the Honors Program.

HONR 2602U Honor Seminar Social Media for Organization 1-3 s.h.

An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc.

Prereq.: Eligibility for the Honors Program.

HONR 2602V Honor Seminar Native American Footprint in Northeast Ohio 1-2 s.h.

An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc.

Prereq.: Eligibility for the Honors Program.

HONR 2602W Honor Seminar Introduction to Yoga and Meditation 1-2 s.h.

An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc.

Prereq.: Eligibility for the Honors Program.

HONR 2602X Honor Seminar Secrets of the Archives 1-2 s.h.

An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc.

Prereq.: Eligibility for the Honors Program.

HONR 2602Y Honor Seminar Undergraduate Research 1-2 s.h.

An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc.

Prereq.: Eligibility for the Honors Program.

HONR 2602Z Honor Seminar Secrets of the Medical Museum 1-2 s.h.

An interdisciplinary seminar series dealing with topics appropriate to students in the Honors Program. The subjects include, but are not limited to, creativity, the organization and function of the university, the total human being, critical thinking, current events, etc. Restrictions: Eligibility for the Honors Program.

HONR 2699 Special Topics 3 s.h.

A close examination of some topic appropriate for lower-division honors study. Typically team-designed. In certain cases, students may arrange to have the course counted toward the major by negotiation with the major department. With approval of the director of Honors, may be repeated for credit with different topics.

Prereq.: Admission to the Honors Program or permission of instructor and director of Honors.

HONR 2699S Special Topics Social Media for Organization 3 s.h.

A close examination of some topic appropriate for lower-division honors study. Typically team-designed. In certain cases, students may arrange to have the course counted toward the major by negotiation with the major department. With approval of the director of Honors, may be repeated for credit with different topics.

Prereq.: Admission to the Honors Program or permission of instructor and director of Honors.

HONR 3701 University Honors Seminar 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities. Restrictions: Eligibility for the Honors Program.

Prereq.: none.

HONR 3701A Honors Seminar Humanities Fine Arts Harry Potter 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Prereq.: Eligibility for the Honors Program.

HONR 3701B Honor Sem Natural Science Math 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Prereq.: Eligibility for the Honors Program.

HONR 3701C Honor Seminar Social Science 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Prereq.: Eligibility for the Honors Program.

HONR 3701D Honor Seminar Business 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Prereq.: Eligibility for the Honors Program.

HONR 3701E Honor Seminar Multi Discipline 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Prereq.: Eligibility for the Honors Program.

HONR 3701F Honor Sem Orientation to ASL 2 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Prereq.: Eligibility for the Honors Program.

HONR 3701G Honors Sem Food and Spirits 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Prereq.: Eligibility for the Honors Program.

HONR 3701I Honor Sem ASL Orientation 3 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Prereq.: Eligibility for the Honors Program.

HONR 3701J Honor Seminar Kelly's Island 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Prereq.: Eligibility for the Honors Program.

HONR 3701L Honors Seminar Election 2016 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Prereq.: Eligibility for the Honors Program.

HONR 3701M Honor Sem Personal Finance 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Prereq.: Eligibility for the Honors Program.

HONR 3701N University Honors Seminar The Holocaust in American Culture 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities. 1-2 s.h.

Prereq.: Eligibility for the Honors Program.

HONR 3701O University Honors Seminar Tales from the Crypt A Social Geography of Cemeteries 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Prereq.: Eligibility for the Honors Program.

HONR 3701P University Honors Seminar Putting Words to Music 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities. 1-2 s.h.

Prereq.: Eligibility for the Honors Program.

HONR 3701Q University Honors Seminar History of Mill Creek Park 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Prereq.: Eligibility for the Honors Program.

HONR 3701S University Honors Seminar Solid Modeling and 3D Printing 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Prereq.: Eligibility for the Honors Program.

HONR 3701U University Honors Seminar: Research Admin and Grant Writing 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Prereq.: Eligibility for the Honors Program.

HONR 3701V University Honor Seminar The U.S. and the World: Empire of Indispensable Power 1-2 s.h.

S. and the World: Empire of Indispensable Power. A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Prereq.: Eligibility for the Honors Program.

HONR 3702 University Honors Seminar 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Restrictions: Eligibility for the Honors Program.

Prereq.: none.

HONR 3702A Hon Sem Hum Fine Art 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Prereq.: Eligibility for the Honors Program.

HONR 3702B Hon Sem Nat Sci Math 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Prereq.: Eligibility for the Honors Program.

HONR 3702C Hon Sem Social Sci 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Prereq.: Eligibility for the Honors Program.

HONR 3702D Hon Sem Business 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Prereq.: Eligibility for the Honors Program.

HONR 3702E Honor Seminar Thesis Development and Design 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Prereq.: Eligibility for the Honors Program.

HONR 3702F Honor Sem ASL Orientation II 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Prereq.: Eligibility for the Honors Program.

HONR 3702G Honor Sem Underground Railroad 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Prereq.: Eligibility for the Honors Program.

HONR 3702I Honor Sem Backyard Archaeology 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Prereq.: Eligibility for the Honors Program.

HONR 3702J Honr Sem Womens Hist Gender St 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Prereq.: Eligibility for the Honors Program.

HONR 3702K Honors Seminar Sixth Sense 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Prereq.: Eligibility for the Honors Program.

HONR 3702M Hon Sem Musical Geog Caribbean 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Prereq.: Eligibility for the Honors Program.

HONR 3702N Honors Seminar The Battle of Gettysburg 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Prereq.: Eligibility for the Honors Program.

HONR 3702P University Honors Seminar Publ in Academic Journals 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Prereq.: Eligibility for the Honors Program.

HONR 3702T University Honors Seminar MCAT Test Preparation 1-2 s.h.

A critical investigation of selected areas underlying civilization, embracing and integrating the particular studies of science, society, and the humanities.

Prereq.: Eligibility for the Honors Program.

HONR 3799 Special Topics 3 s.h.

A close examination of some topic appropriate for upper-division honors study. Typically team-designed. In certain cases, students may arrange to have the course counted toward the major by negotiation with the major department. With approval of the director of Honors, may be repeated for credit with different topics.

Prereq.: Admission to the Honors Program or permission of instructor and director of Honors.

HONR 3799A Spec Tpc International Exper 3 s.h.

This course is conducted as a Faculty Led Study Abroad. The dates are subject to revision based upon air fares and transportation availability. This course will incur additional transportation and room-and-board costs which will be determined prior to the beginning of the fall semester.
