Program description

The 100% online Master of Music in Music Education (<https://academics.ysu.edu/dana-school-of-music/areas-of-study/music-education/>) (M.M.E.) is designed specifically for busy music educators. Maximum flexibility for completion allows you to continue teaching while you further your knowledge of current strategies that you can integrate immediately to enhance student engagement in your classrooms. In addition, music educators may accumulate credits and credentials to maintain state teaching licensures and earn an increase in pay rank (if applicable in their state). The degree may be completed within one year or as students' schedules allow them to enroll in courses. Our highly flexible and relevant M.M.E. is the perfect degree for the 21st-century music educator.

The M.M.E. curriculum features classes such as Audio and Music Production Pedagogy, Contemporary Curriculum Development, Contemporary Trends in Music Education, Conducting Pedagogy, and more. Students may choose to enroll in virtual applied lessons as part of their required degree electives. The M.M.E. culminates in a written capstone project that is action-research based, leaving ample room to advance individual practical goals.
