

TRANSFER STUDENT REQUIREMENTS

General Education Requirements

Transfer students with a bachelor's degree

Students with a bachelor's degree from a regionally accredited institution in the United States or from an approved international institution (as determined by the International Programs Office (<https://ysu.edu/international-programs-office>)) seeking an additional baccalaureate degree are not required to complete the YSU general education requirements. However, students may need to take general education courses required for their major. For specific requirements, contact your academic advisor and refer to the program curriculum in this *Catalog*.

Transfer students without a bachelor's degree

All transfer students without a bachelor's degree from a regionally accredited institution in the United States must complete the general education requirements. To discuss the coursework they need to complete the YSU general education requirements, students should consult with their academic advisor. For additional information, see the Transfer Credit (<https://catalog.ysu.edu/undergraduate/general-information/admission/transfer-applicants/>) section of this *Catalog*.
