

CERTIFICATE IN ADOBE DESIGN SOFTWARE

About the certificate

This online certificate empowers you to master cutting-edge design software, regardless of your major. The digital design software certificate is your gateway to acquiring high-level skills in Adobe Illustrator, Adobe Photoshop, and Adobe InDesign—industry standards for graphic design and beyond. This program enhances your technical abilities and aligns with the university's mission to create a diverse and inclusive learning environment. By enrolling, you'll gain a competitive edge in the job market and be part of a community that values innovation and interdisciplinary collaboration.

DSGN 1532	Design + Raster Images	3
DSGN 2660	Design + Applications	3

Learning outcomes

Upon completing the digital design software certificate, students will achieve several key outcomes. They will master industry-standard software such as Adobe Illustrator, Adobe Photoshop, and Adobe InDesign, preparing them to take the Adobe Certification Associate exam. This program ensures students demonstrate technical competence in digital design, enabling them to create professional-quality work. They will apply fundamental design principles and processes to develop creative content and curate an online portfolio, showcasing their skills to potential employers.
